**Vision:**

To redefine packaging with sustainable, globally competitive, and technology-driven solutions that minimize plastic waste and

**Mission:**

To be a reliable packaging partner across industries by delivering innovative, durable, and customizable solutions that ensure protection, efficiency, and product shelf life.

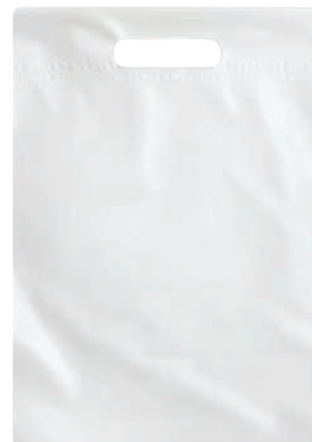

# PLAIN & PRINTED POLY BAGS

## Product Description:

Our poly bags are made from premium LDPE/HDPE and designed for durability, clarity, and flexibility. They can be fully customized with logos, product information, and color branding — making them ideal for industries like textiles, FMCG, pharmaceuticals, and e-commerce.

## Features:

- Available in transparent or opaque finish
- Thickness: 30 to 150 microns
- Options: Side Seal / Bottom Seal / Center Seal
- Multicolor custom printing up to 8 colors
- Sizes tailored to specific product needs

# LAMINATED BAGS / ROLLS

## Product Description:

We offer advanced multi-layer laminated pouches and rolls made with PET, BOPP, and. These are engineered for barrier protection, extended shelf life, and high-quality print finish — perfect for snacks, food grains, dairy, and pharmaceuticals.

## Structures Supported:

- 2-ply / 3-ply / 4-ply lamination
- Options: PET/Poly, BOPP/Poly,
- Thickness: 30 to 200 microns

# PP AND BOPP BAGS

## Product Description:

BOPP (Biaxially Oriented Polypropylene) bags are glossy, printable, and moisture-resistant, making them ideal for bulk packaging in food grains, garments, and retail.

Available in woven, non-woven, or laminated types, with gussets and zipper options.

## Features:

- Recyclable and reusable
- Excellent shelf appeal with photo-quality printing
- Gusseted, handle, or zip-lock available
- Water and grease resistant
- Suitable for 5 kg to 50 kg capacity

# BLACK GARBAGE BAGS

## Product Description:

Made from recycled or virgin LDPE, these high-strength black garbage bags are available in roll form for easy dispensing. Used widely in homes, hospitals, hotels, and factories for sanitary and odor-controlled waste handling.

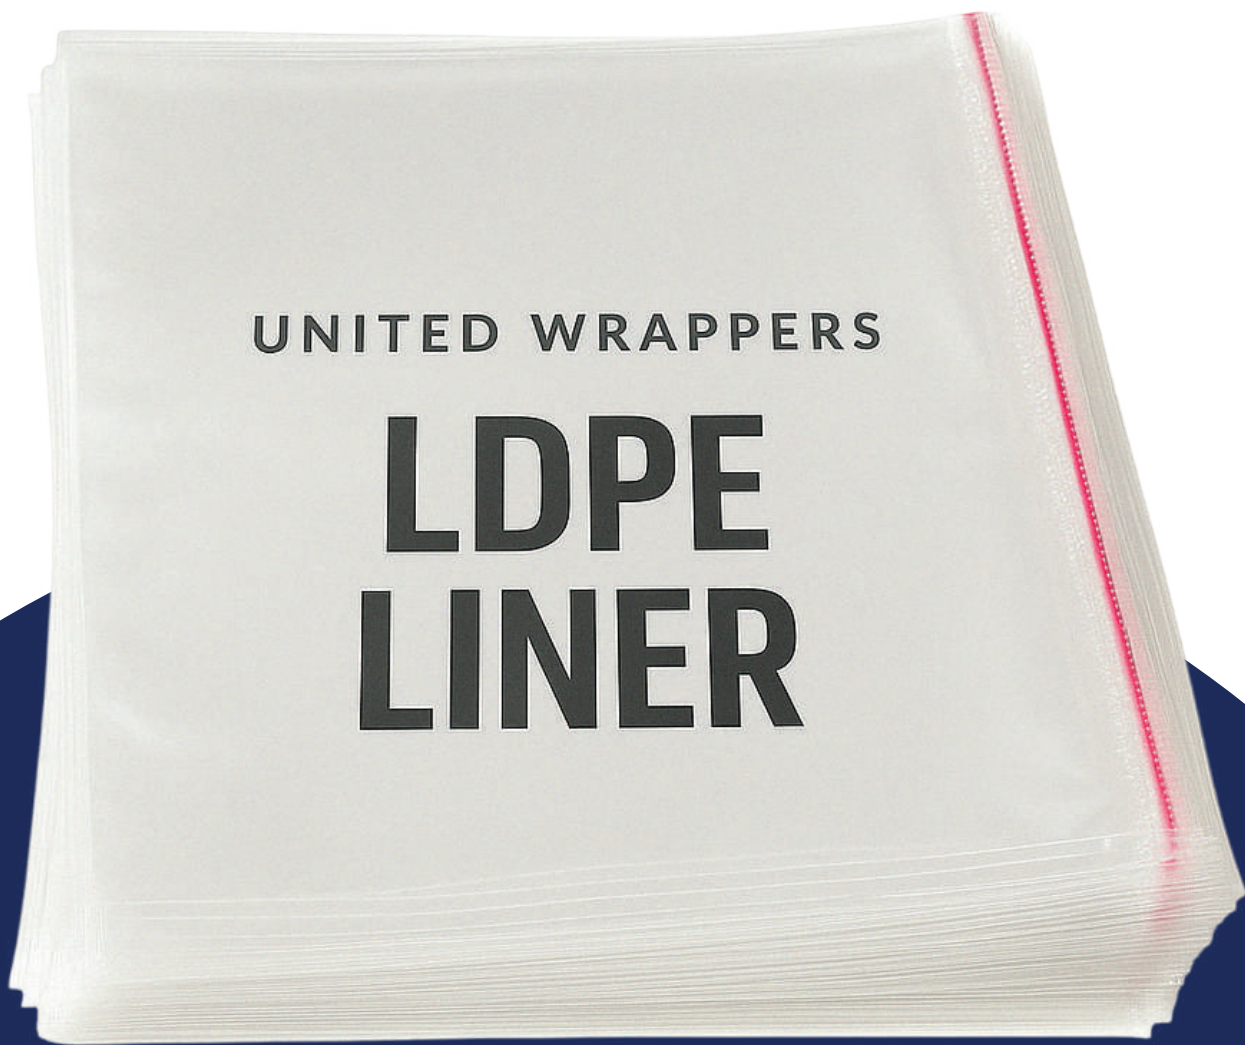

## Size Variants:

- 19x21 (Small)
- 25x30 (Medium)
- 29x39 (Large)

## Features:

- Leak-proof & tear-resistant
- Odor control formulation
- Compact rolls for easy storage
- Custom printing available for bulk orders

UNITED WRAPPERS

# LDPE LINER

## LDPE LINERS

### Product Description:

Our LDPE liners are used as protective inner linings for cartons, crates, and drums — ideal for powders, chemicals, resins, and perishables. Designed to provide high resistance to moisture, contamination, and chemical interaction.

### Features:

- Custom fit for 20L to 200L containers
- Available in gusseted and round-bottom forms
- Anti-static, UV resistant, and food-grade options
- Transparent or tinted finishes

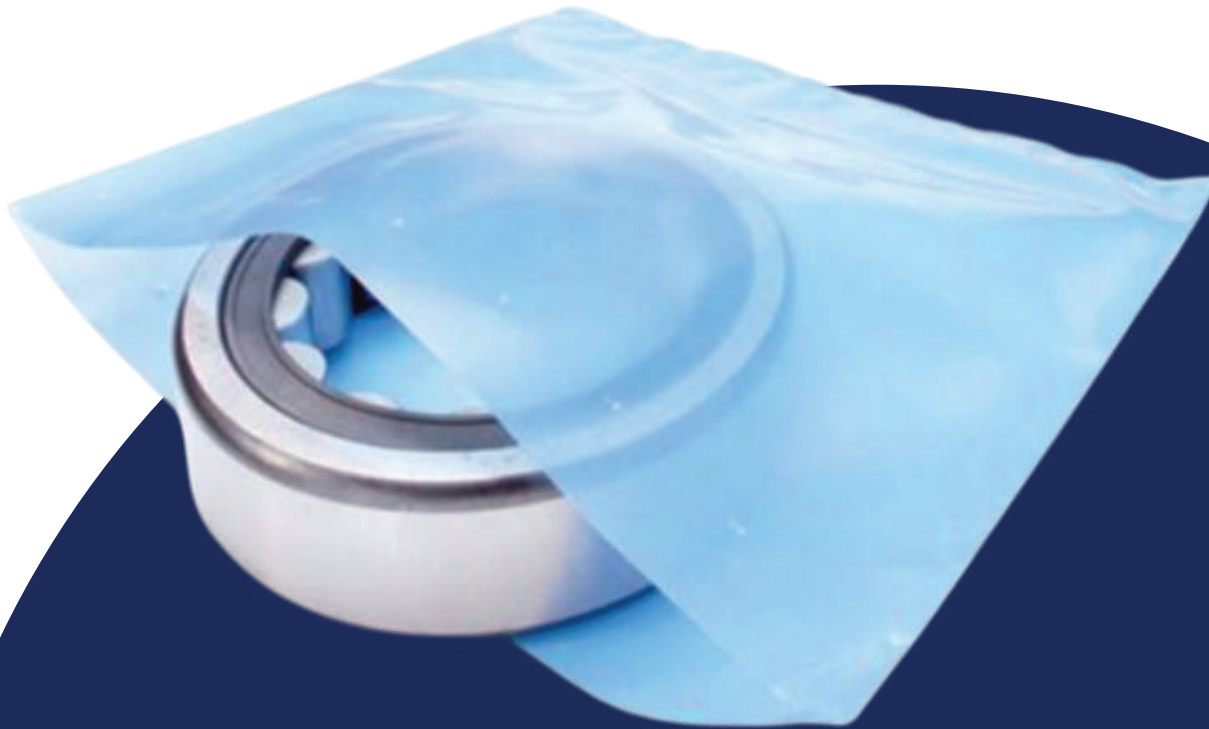

# VCI BAGS

## Product Description:

VCI Bags offer excellent rust prevention for ferrous and non-ferrous metals during long-term storage and export transit.

These transparent films release vapors that form an invisible barrier on metal surfaces, eliminating the need for oiling or greasing.

## Features:

- Transparent or blue tinted
- Anti-static and UV options
- Custom sizes and gauges
- Up to 3-year rust protection

## Applications:

- Bearings, gears, shafts, tools, spares
- Auto parts packaging
- Export packaging for metal parts

# BUBBLE WRAP ROLLS

## Product Description:

Bubble wrap rolls offer exceptional cushioning and shock absorption for fragile goods. Used in electronics, e-commerce, furniture, and ceramics to protect against transit damage.

## Features:

- Small and large bubble sizes
- Available in rolls or custom-cut sheets
- Anti-static and eco-friendly variants
- Lightweight and easy to use

# BOPP ADHESIVE TAPES

## Product Description:

Our BOPP tapes are pressure-sensitive adhesive tapes used in packaging, sealing, and branding. Available in clear, brown, color-coded, or printed designs, perfect for logistics and warehouse operations.

## Features:

- High tack and strong bond
- Print customization available for brand identity
- 38–60 micron film thickness
- Color-coded options for sorting and branding
